ABOUT US

3S Industries Pvt. Ltd. is a forward-thinking electric vehicle manufacturer based in Faridabad, Haryana, dedicated to transforming India's mobility landscape through sustainable innovation. Since our inception in 2019, we have been committed to accelerating the adoption of e-rickshaws and e-carts by delivering products that are efficient, reliable, and environmentally responsible.

Driven by a strong belief in clean energy and sustainable development, we aim to replace conventional fuel-based transport with eco-friendly alternatives. Our vehicles are designed not just for performance, but for long-term value—helping drivers reduce operating costs while contributing to a greener future.

At **3S Industries**, we are more than a manufacturing company—we are a movement towards a cleaner, smarter, and more energy-efficient India.

Our Mission

To promote electric mobility across India by manufacturing high-quality, cost-effective, and durable e-rickshaws and e-carts, enabling livelihoods while reducing environmental impact.

We strive to:

- ✓ Deliver reliable and innovative EV solutions
- ✓ Support drivers with sustainable income opportunities
- ✓ Contribute to reducing carbon emissions and fuel dependency

Our Vision

To become a leading and trusted brand in India's electric vehicle industry, driving the transition towards clean and sustainable transportation.

We envision:

- ✓ India as a global leader in green transportation
- ✓ Reduced pollution and improved quality of life
- ✓ A future where every city embraces electric mobility
